

## Introduction of Myself

Hello everyone,

My name is Ariadni Porfyridou and I am 15 years old. I live in Thessaloniki, Greece. I go to the 1st grade of High School. I have been a student in Aristoteleio College for 6 years so far. I like playing volleyball and dancing. I have tried many different sports in my life, yet I haven't found anything that appeals to me. My favorite food is Spaghetti. In my free time, I like going out with friends or studying dramatic books (To kill a mockingbird, Romeo and Juliet, Wuthering Heights) and novels (Pride and Prejudice, Jane Eyre). I really enjoy watching costume drama movies and series. My favorite subjects are Maths, Chemistry and Biology. When I grow up, I want to become a pediatric surgeon. My main goal is to succeed in all aspects of my life.

I have only one sibling and his name is Porfyrios. He is 5 years younger than me and he goes to the 5th grade of Elementary School. In his free time, he likes playing basketball and polo. My parents' names are Efi and Lazaros. They both work as Shipping Agents, but in different companies. They have been married for 16 years. I love very much each and every member of my family, and I pray for them every day.

I am really looking forward to being a part of this project, hosting kids from other countries and visiting them myself. The topic of "Erasmus plus " (Let's Stop Bullying Together) it's an issue of vital importance that children all over the world need to be informed about

and I believe that we will have this opportunity through this project!
