

Introduction of myself

Hello everyone!

My name is Stella Mavridou and I'm 15 years old. I was born on 27th August 2003 in Thessaloniki, but I live in N.Fokea Halkidiki. I'm a student of the 1st grade of high school and this is my fourth year in Aristoteleio College.

I have one sister, who is younger than me. My sister's name is Joanna, who is 8 years old. She really like playing with me board games and also drawing in her room. My mother's name is Maria and my dad's name is Sterios. My dad is working in Kavalla as a pilot for ships and my mum works only at summer in her mini market.

During my free time I really enjoy hang out with my best friend Kathrin, training and playing basketball with my team P.O.Moudania, watching movies in my laptop, listening to music and of course playing board games with my little sister.

My favorite food is gemista, which is a traditional Greek food made by peppers and rise. I also love Caesar's salad and burgers.

I'm really exiting of this project, I'm really looking forward to meet other people of the "Erasmus-project" and to host kids from other countries and visit their countries.
