

Introduction of myself

Hi everyone,

My name is Steriani Vasileiadou and I am 15 years old. I was born on 13th December 2003 in Thessaloniki, but I live in Chalkidiki. I am a student of the 1st grade of high school and this is my third year in Aristoteleio College.

I have two sisters, who are all younger than me. My first's sister's name is Kyriaki and she is 13 years old and my second sister is Dafni, who is 9 years old. My parents' names are Vasiliki and Symeon. My mother works as a musician in a high school and my father is a Byzantine music teacher.

In my free time I like reading books, hanging out with my friends and listening to music. I like almost all kinds of music but especially rock and soul. I can play the violin and I am also learning to play a greek traditional instrument "lauto". My favorite sport is athletics and I am an athlete for racewalking. I am also a member of the Theater Club at my school.

My favorite food is ograden, which is made by spaghetti and different kinds of cheese. I also love sweets and my favorite subjects are Biology and Chemistry.

I am so excited that I will participate in Erasmus and have the chance to host children from other countries and visit their country too.
