

## Introduction of myself

Hello everyone!

My name is Melina Giovanoudi and I am 15 years old. I was born on 1<sup>st</sup> of June 2003 in Thessaloniki, where I live. I am a student of the 1<sup>st</sup> grade of high school in Aristoteleio College, the school I'm going to since the 1<sup>st</sup> grade of primary school.

I have two siblings, one sister and one brother. My sister's name is Agelina, who is 13 years old, and my brother's is Christos, who is 9 years old. As you can see, I'm the older one. My mother's name is Konstantina and my father's Paschalis.

I have a lot of extra-curricular activities. I really love music and dance, the reason why I go to ballet, piano and contemporary dance lessons. Moreover, I take vocal and choir singing lessons and participate in my school's theatrical group. When I have free time, I enjoy going out with my friends or watching tv-shows and movies.

My favourite food is chicken nuggets, which is something most people like. I generally prefer eating non-sweet food.

I'm looking forward to meet other people of the "Erasmus+ project", host kids from other countries and visit their country.
