

Introducing myself:

My name is Charalambos Kyriakou and I am 15 years old. My family has five members me, my father, my mother, my brother and my little sister. My brother is two years older than me and my sister four years younger.

I love to play the guitar! I wouldn't say that I am really skilled but I am trying to be one someday. I have a lot of favourite foods but if I had to choose one I would say cannelloni.

I really enjoy reading books and especially those with mystery and action. I also enjoy watching series and movies (one that I really like is la casa de papel). I used to spend my free time by doing tae kwon do, but now I work out at my home. I also work out by running with my father. I am still a rookie, though I dream of running at the marathon like he did. Moreover I usually cook at my home. I don't do this because I want to be a chef, but if I was given the opportunity to be one I wouldn't say no.

I also like travelling abroad and one country that I really want to go is Japan. Japanese is one of the languages that I hope to be able to speak fluently some day.
